Recommended actions

For this release, we recommend that you review the following checklists and complete the relevant tasks so that you can adjust your policies and workflows and train your staff. This checklist identifies updates that we have determined as significant for most institutions. We encourage you to review all of the items in the release notes to determine whether there are items that might require additional action or follow up by your institution.

These items require immediate action or decisions.

New features and enhancements

Use enhanced purchase workflow

The purchase workflow in Tipasa has been enhanced to allow you to:

- Automatically route requests meeting specified criteria (e.g., format, year, patron status) to the new Review for Purchase queue

![Route to Review for Purchase](image)

- Utilize additional options for changing the fulfillment type (e.g., return unpurchased item to borrowing workflow)
- Utilize request history for requests in the purchase workflow
- Access information in usage reports
- Communicate the status of purchase requests to patrons within the patron interface
- View additional information for purchase requests
For more detail about the purchasing workflow, please see Purchasing Requests.

Receive email alerts when new lending requests arrive

For infrequent lenders, you can opt to receive an email alert when a new request arrives in the lending queue.

Please see New Lending Requests Email Notification for additional information.

Bug fixes and known issues

Lists of current known issues and recently fixed issues can be found at:

https://help.oclc.org/Resource_Sharing/Tipasa/Release_notes_and_known_issues/Known_issues

Future releases

The following enhancements are planned for upcoming releases:

- Targeted for August 2018
  - Optional retention of patron data on closed requests
  - Delivery of files up to 120 MB in Article Exchange
• Targeted by the end of 2018
  ◦ Printing of book stickers for borrowing and document delivery requests
  ◦ Auto-population of local holdings and availability information for lending requests (pilot test)
  ◦ Ability to delete patron records in bulk

Roadmap information is available in the Tipasa Community.
