No report opens when I click on a report link in WorldShare Analytics.

Last updated: Fri, 10 Aug 2018 15:49:30 GMT

Symptom

- Clicking on a report causes the screen to freeze and no report comes up.

Applies to

- WorldShare Analytics
- WorldShare Reports

Resolution

Pop-up blockers are blocking the display of the report window. Click a link below to find the instructions for your browser:

- Chrome
- Firefox
- Safari

If you have a different browser or the issue persists, please contact OCLC Support.
