When uploading a patron record that matches an existing patron record in the system, what happens to the notes in that patron record?

**Last updated:** Thu, 09 Aug 2018 20:43:04 GMT

**Applies to**

- WorldShare Circulation
- Tipasa

**Answer**

With ongoing patron data loads, notes that are identical to previously-loaded notes are ignored and notes that are not identical to previously-loaded notes are added.

**Additional information**

Additional information can also be found on the [Patron data files](https://help.oclc.org/Library_Management/WorldShare_Circulation/Troubleshooting/When_uploading_a_patron_re...) help page.
