Last updated: Tue, 18 Sep 2018 13:20:16 GMT

Symptom

- A user can't scan a barcode or search by patron records.

Applies to

- WMS: Circulation
- WMS: Admin

Resolution

The inability to search or scan barcodes in WMS Circulation can indicate either a problem with the user's permissions or a corrupted web page.

1. Confirm that the user has at least the Student Worker Circulation role assigned.
2. Clear cache and cookies, close the browser and re-login.
