Is there any way to insert a note that will appear in each record that will better identify that the record is from a specific collection?

Last updated: Wed, 21 Nov 2018 20:12:43 GMT

Applies to

- WorldShare Collection Manager

Answer

Libraries can add notes by using custom text notes and mapping the custom text to their records in their institution MARC Records settings. Information about this process can be found on the [Collection Custom Text](https://help.oclc.org/Metadata_Services/WorldShare_Collection_Manager/Troubleshooting/Is_there_any_way_to_i...) help page.
