How do we verify the status of our automatic feeds for our Elsevier journal collections?

Last updated: Fri, 02 Nov 2018 16:07:47 GMT

Applies to

• WorldShare Collection Manager

Answer

To see if your Elsevier collection loaded, follow these steps:

Sign in to your WorldShare than navigate to Metadata > Collection Manager> Activity History > Search for the history of Elsevier.

You can see the history of files that are being sent from Elsevier.

Additional information

You can also review the documentation we have on checking if a collection has loaded.
