- WorldShare Admin

Answer

You will need to make sure that your WorldShare username has the USER_ADMIN role. If no one at your library can give you this role, please contact OCLC Support with your OCLC symbol, name and WorldShare username.

Additional information

To change contact information for the staff person managing your institution's OCLC subscription, please email Profiling with your OCLC symbol, the name and contact information that must be changed, and what that information must be changed to.
