How do I search for serial issue titles?

How do I search for serial issue titles?

Applies to

- OLIB

Answer

The standard Title searches in OLIB do not retrieve serial issue titles. If you need to retrieve serial issue titles, then:

1. Click on Other Searches to access pull down list.
2. Select Serial Issues by Serial Title search.
3. Enter Journal title or % to retrieve all searches.

Additional information

If you need to export all records including serial issue titles, you will need to perform 2 searches and 2 exports:

1. Search and retrieve all title records using a standard Title search.
2. Search and retrieve all serial issue titles using the Serial Issues by Serial title search.
