I need my Circulation Override Credentials

Last updated: Mon, 15 Feb 2021 23:32:49 GMT

Applies to

- WorldShare Circulation

Answer

Members must contact OCLC for actions with their Override Credentials.

OCLC staff are able to add credentials and reset passwords, they do not have the ability to see what your passwords are.

If a set of credentials has been created for your library, you will only be able to change the password for that account. If credentials have not been created, OCLC can add one for you.

Have someone who is an authorized user in the Service Configuration > WorldCat Registry > Authorized user list contact OCLC Support with the username associated with the account and the action needed.
