I am trying to remove the Cataloging Full role from a user, but the check box is appearing as greyed out.

Last updated: Mon, 18 Feb 2019 19:20:59 GMT

Applies to

- WorldShare Admin

Answer

Without the Cataloging INST Admin role, you will be unable to assign or remove cataloging roles for other user accounts. To enable this role, have someone at your institution who already has this role assign it to you, or contact OCLC Support and let them know that you need the Cataloging INST Admin role on your WorldShare account.

Additional information

Full information about these roles can be found in Record Manager Roles.
