Display DDC record from user note

Last updated: Mon, 25 Feb 2019 20:12:33 GMT

Learn how to display a DDC record from the user note in WebDewey.

1. If not in edit mode, open the Actions list and click Edit Note.
2. In the Editing Note screen, open the Actions list and click Display DDC Record.
   Note: The Display DDC Record action is not available for general user notes not associated with a specific DDC number.
3. In the DDC record, move to the User Notes section and click Edit to return to the user note from the DDC record.
