• WorldCat Discovery

Answer

The branding information is in your institution's [Service Configuration](https://help.oclc.org/Discovery_and_Reference/WorldCat_Discovery/Troubleshooting/How_do_I_go_about_updating_the_branding_in_Discovery)

• Log in with your OCLC symbol and look for the "WorldCat Discovery and WorldCat Local" menu on the left
• Click on "User Interface Options" and then expand the accordion menu for "Branding & Customization"
