Our users are getting a "This connection is not private" message when trying to access our institution's WorldCat page. How can this be updated?

Last updated: Wed, 04 May 2022 15:30:22 GMT

Applies to

- WorldCat.org

Resolution

This may be related to a security or certificate update. To resolve, in the WorldCat URL, remove the "www" from the beginning of the URL and try the link again. If this does not work, please contact OCLC Support.
