How do we get Service Configuration accounts set up?

Last updated: Thu, 04 Apr 2019 14:38:22 GMT

Applies to

- WorldShare Interlibrary Loan
- WorldShare Circulation
- WorldCat Discovery

Answer

Access to the Service Configuration site is controlled by the roles that user has assigned inside their WorldShare account.

You can use the Admin tab in WorldShare to add one or both of the roles below.

CIRCULATION_ADMIN

WORLDSHARE_ILL_ADMIN

Additional information

We have documentation about how to add roles to a user account in WorldShare.
