Why am I getting an additional permissions required message when trying to print MARC records in WorldCat Discovery

Symptom

- The user gets a "Additional Permissions are required" message when trying to print MARC records.

Applies to

- WorldCat Discovery

Resolution

You will need to log into WorldCat Discovery before attempting to print MARC records. If you log out, wait a long time between prints or close your browser a timeout can occur that will require you to log back in before you'll be able to print again.
