Learn how to search for patrons in Tipasa and find information about the patron search results screen. Search for patrons in the system.

To search for a patron:

1. On the left navigation, click **Find Patrons**.
2. From the Limit search to list, select an **index**.
   - **Name, ID, Email**: Search terms entered for this index returns results based on the following:
     - **Name**: Last name, First name, Middle name, or preferred name
     - **ID**: Barcode, User ID at Source, ILL Identifier, PPID
     - **Email Address**: Email address located in the Library Record area of the Basic User Data accordion for the user
       - Note: Values searched upon for the name and email address in the Name, ID, Email index may generate slightly different results than the individual Name and Email index.
       - The Name, ID, Email index takes a single token from the user input and compares with a left-handed match of a searchable value. Example: "smith"
       - The individual Name and Email index searches allow multiple tokens to be passed, separated by spaces. Example: "smith* john**"
   - **Identifier**: Searches the circulation barcode, ILL identifier, User ID at Source, and PPID.
   - **Name**: Name of the patron.
   - **Barcode**: Barcode (ID number) of the patron.
   - **Street Address**: Address of the patron (e.g., house number, street name).
   - **State/Province**: State or Province of the patron.
   - **Postal Code**: Postal code (e.g., zip code) of the patron's address.
   - **Email Address**: Email address of the patron.
3. In the search box, enter your **search terms**.
   - To search with a truncation operator, use an **asterisk** (*). For example, connect* retrieves connect, connection, connectivity, etc.
4. Click **Search** or press <Enter>.
