I am using a BookScan Scanner with ILLiad and I need the Username and Password it is requesting

Last updated: Mon, 22 Jul 2019 19:44:37 GMT

---

**Symptom**

- You are using a BookScan Scanner that is connecting to OCLC and you need the ILL Authorization and Password to connect

**Applies to**

- ILLiad

**Resolution**

You can find your ILL Authorization and Password in the Customization by looking up the keys:

1. OCLCILLAuthorization for the Username that BookScan is requesting.
2. OCLCILLPassword for the Password that the BookScan is requesting.
