We want to change the Required ID field associated with Registration so it requires nine or fourteen numbers

Last updated: Mon, 22 Jul 2019 19:16:48 GMT

Symptom

- You want your registration page to required nine or fourteen numbers for the Required ID field.

Applies to

- ILLiad

Resolution

To set up your Validation requirements, here is information you need to follow:

1. Go to the [Web Validation Syntax](https://help.oclc.org/Resource_Sharing/ILLiad/Troubleshooting) page for more information.
2. An example of nine or fourteen characters would be `[^\d(9)]|^\d(14)`
