The OCLC Cataloging Express service provides an easy-to-use Web interface for copy cataloging. Copy cataloging is selecting an existing bibliographic record from WorldCat®, adding local data to it, and then adding the record to your local catalog.

- **Get started**
  - **Overview**
  - **Action buttons**
  - **Customize the system interface**
  - **Hardware and software requirements**
  - **Home page and navigation bar**
  - **Quick reference**
  - **Set export options**
  - **Set options**

- **Search and catalog**
  - **Add local data**
  - **Add multiple Location (852) fields**
  - **Advanced search**
  - **Basic search**
  - **Cataloging basics**
  - **Export records**
  - **Fix errors**
  - **Print labels**
  - **Search results**
