How do I unsubscribe from the Community Center?

Last updated: Tue, 09 Jul 2019 19:26:26 GMT

Applies to

- OCLC Community Center

Answer

In order to unsubscribe to the discussion board within a Community on OCLC Community Center, navigate to the Discussions page for the relevant Community, click on Following, and click on Email Subscriptions to deselect that option.

You should now see that the Following button now says Follow, and if you click on it, there is no longer a check mark next to Email Subscriptions.
