Unable to select text with mouse in search box

Last updated: Tue, 14 Jan 2020 21:22:07 GMT

---

Symptom

- You try to left click and highlight text in a search field in Connexion client and nothing will select.

Applies to

- Connexion Client

Resolution

1. Place cursor in search box and left click to be at the end of the field.
2. **Ctrl+Shift+Home** on your keyboard. This will select the text in the field using your keyboard.

Additional information

This issue usually occurs on Windows 10 machines.
