Where can I find and change my IFM invoice address?

Applies to

- WorldShare ILL
- Tipasa

Answer

IFM invoices are sent by OCLC to the invoice address that is known to OCLC’s finance department. Any changes made in your Policies Directory or in your Constant Data in Service Configuration will not reflect on this address. If you would like to know and/or change your IFM invoice address, please contact OCLC Support and include your OCLC symbol in your message.
