My local holdings aren't displaying as expected

Symptom

- I don't see all of my Local Holdings location information on the Display All Libraries screen

Applies to

- FirstSearch

Resolution

Local Holdings data is populated by the summary field in the Local Holdings Record. You can change this in OCLC Connexion Browser or WorldShare Record Manager. See instruction links below.

Additional information

- Updating Local Holdings Records in WorldShare Record Manager
- Updating Local Holdings Records in OCLC Connexion Browser
