Answer
You can add new records to a previously saved list.

1. Find the record you would like to add

2. Click on the star icon to the top right of the record. This saves the record to a temporary list.

3. Now you should see the star icon with **My Items** displayed at the top right of the WorldCat Discovery screen.

4. Select **My Items**

5. Now you should see the record(s) that you selected.

6. Click on the **Move** icon

7. Choose your previously created list from the selections available.

8. Click **Select List** to move the new item records to your previously created list.
