Label program closes unexpectedly

Last updated: Tue, 19 Jan 2021 23:09:02 GMT

Symptom

• The Label program shuts down when you attempt to print labels

Applies to

• OCLC Label Program

Resolution

Right-mouse click on the Label program's shortcut and choose to Run as Administrator when starting the program.

If that does not work, try re-installing the program.

Additional information

To set the program to run as Administrator every time it opens, right-mouse click on the icon and select Properties. On the Shortcut tab, click the Advanced button and then select Run as administrator in the window that opens.
