**Symptom**
- A title is not in the Copyright Clearance Center, is listed as Special Order Required, or Contact Rights Holder Directly.

**Applies to**
- ILLiad

**Resolution**
In order to process these titles, Copyright information will need to be recorded differently than the normal process.

One option is to complete the special order process or contact the rights holder directly to obtain the correct fee information.

For other options, please see [Recording Copyright Information Outside the Normal Process](https://help.oclc.org/Resource_Sharing/ILLiad/Troubleshooting/What_should_I_do_if_a_title_is_not_in_the_Copyri...) provided by Atlas.
