The email associated with our Digital Collection Gateway Admin account is not longer active how can we correct it?

Last updated: Mon, 30 Sep 2019 13:52:00 GMT

Symptom

- You need to replace the email address on the Digital Collection Gateway Admin account because it is no longer a working email address.

Applies to

- Digital Collection Gateway

Resolution

Contact OCLC Support with your library name, the Digital Collection Gateway Admin username or email, and a current working username or email we can replace it with.

Additional information

There is more information on setting up user accounts.
