How do I copy Connexion Client Constant Data Files which are missing after install on new computer?

Last updated: Tue, 01 Oct 2019 14:15:57 GMT

Symptom

• Constant Data Files are missing after Connexion Client install on new computer.

Applies to

• Connexion Client

Resolution

Here are the step-by-step instructions for transferring the Constant Data Files from the old computer to the new computer:

1. On the old computer hold down the Windows key and press "R".

2. In the search box type %appdata% and click enter.

3. Click on the OCLC folder.

4. Click Connex

5. Click Db

6. Copy the DefaultBibCD.bibcd.db folder to a Network share or a flash drive and copy it to the same area on the new computer.
