Is there a way to see a time and date of a patron profile changes?

Last updated: Tue, 01 Oct 2019 21:44:29 GMT

Symptom

- You need to know the last time a user record was altered or changed.

Applies to

- WMS Admin

Resolution

You can see when a patron's profile was last changed by bringing up their account in WorldShare > Admin and checking their Diagnostics tab. The field is called Last Updated on.
