When moving from OLIB to WMS the following people are involved in the migration process:

**OCLC Project Manager**

This is the key member of staff at OCLC who project manages all the elements of the implementation and develops your project plan.

**Project leader at your institution**

This is the key member of staff at your institution who liaises internally with your institution's personnel and with the OCLC project manager.

**Data specialist at your institution**

This could be an additional member of staff who is the bibliographic data specialist / cataloguer at your institution.

**OCLC bibliographic Data Analyst**

This the data analyst at OCLC who focuses on your bibliographic data and liaises with your institution's data specialist / cataloguer.

**OCLC non-bibliographic Data Analyst**

This the data analyst at OCLC who focuses on your patron data and circulation data and liaises with the relevant staff at your institution.

**OCLC Support Analyst**

This is the main contact on the OCLC Support desk for your institution.

**OCLC training consultant**

There may be an additional OCLC member of staff who delivers appropriate training for the staff at your institution.
