Spell Check is marking every word as incorrect

Last updated: Thu, 31 Oct 2019 21:20:36 GMT

---

**Symptom**

- New computer install and spell check is marking every word as incorrect spelling

**Applies to**

- CONTENTdm
- Project Client

**Resolution**

Project Client did not have permission to create Window Registry Keys when installed and needs to be manually entered.

Contact OCLC Support so they can solve your issue and assist with the dictionary path.
