Were to find profiled Groups and edit them in ILLiad.

Symptom
What is a profiled group and how to edit them

Applies to
ILLiad

Resolution
Short introduction or instructions to follow these steps:

1. In the Customization Manager under System | OCLC | GAC.
2. Is a list of what ILLiad calls Profiled Groups or GAC’s
3. You have the ability to edit that table so you can either search that group or remove it from the list.
