Is it possible to use a SAML connection to authenticate users into their ILLiad accounts without the use of EZproxy?

Last updated: Mon, 09 Dec 2019 16:04:27 GMT

**Question**

- Is it possible to use a SAML connection to authenticate users into their ILLiad accounts without the use of EZproxy?

**Applies to**

- ILLiad

**Resolution**

No, OCLC only uses SAML authentication through EZproxy with ILLiad.
