How do I remove a pickup location from FirstSearch?

Last updated: Mon, 06 Jan 2020 15:30:44 GMT

Applies to

- FirstSearch

Answer

In order to change the options for pick-up locations from the Patron ILL Request Form in FirstSearch you will need to sign into the FirstSearch Admin module, then navigate to Resource Sharing > Patron ILL Settings > Patron ILL Request Form > Pick-Up Location.

If you then click on the hyperlink of the field name you will be able to manage the list of available options for that field.
