In the ILLiad Lending Transaction Queues, what is "Web Request Created?"

Last updated: Tue, 21 Jan 2020 22:59:59 GMT

Symptom

• You are finding Web Request Created is showing up and there is no information in the Transaction

Applies to

• ILLiad

Resolution

You can route the request to "Request Finished" because you cannot do anything with the request.

Additional information

These are records that are in a Transitory Status. They never completely were submitted into ILLiad.
