How to Retain Searches in Connexion Client

Last updated: Thu, 23 Jan 2020 18:52:00 GMT

Applies to

- Connexion Client and retaining repetitive searching information

Answer

Go to Cataloging and got to Search > WorldCat and the Retain Search option should be at the top of the Keyword/Numeric Search Section of that window.

Click the CheckBox next to the Retain Search.

Try the searching again and you should see the retained search information.
