Dewey number-363.4 does not appear in browsing or searching results

Symptom

- Dewey number 363.4 does not show up in browsing or searching.

Applies to

- Web Dewey searching

Resolution

363.4 and its child numbers were deprecated, meaning they are no longer valid. If a user has preferences set to show "Unassigned" numbers.

The option exists to hide these just because there's a lot of them and will be more in time. Some users may only want to see valid numbers.
