Why is the Hebrew or other non-Latin text in Connexion client aligning from left to right?

Last updated: Fri, 13 Mar 2020 22:05:51 GMT

Applies to

- Connexion client

Answer

When in a record view in Connexion client go to the View drop down menu. Verify it is set to Align Right.

Additional information

For more information please see Connexion client, International Cataloging: Use Non-Latin scripts for cataloging.
