Can I convert monographs to multi-part items?

Last updated: Thu, 02 Apr 2020 21:40:13 GMT

Applies to

• WorldShare Circulation
• WorldShare Record Manager

Is it possible to convert monographs to multi-part items without losing existing holds or borrowing details if the item was originally received as a single monograph instead of a multi-part item?

Answer

Yes, using OCLC WorldShare Record Manager, change the LHR from type x to type v and check other leader fields. In most cases you'll be required to add 853/863 and fill $8 in the 876 fields.
