Learn how to view user account information in the Admin module.

**View Account Info**

1. Search for the user whose account info you want to view.
2. In the user account, click the **Account Info** accordion.

**Account Info columns**

These are the columns that appear in the Account Info section:

<table>
<thead>
<tr>
<th>COLUMN</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Source System</td>
<td>The Uniform Resource Name (URN) identifying the external authentication system (e.g. urn:mace:oclc:idm:ocwms)</td>
</tr>
<tr>
<td>User ID at Source</td>
<td>The ID of a user in the external system (e.g. ILS, PeopleSoft, Banner, CAS) from which the data is being migrated</td>
</tr>
</tbody>
</table>
