Why does my Calculated Collection Link use http even though my Collection URL Formula uses https?

Last updated: Fri, 31 Jul 2020 08:43:22 GMT

Applies to

• WorldShare Collection Manager

Answer

Collection Manager will prepend your proxy information to catalog links. Your Calculated Collection Link takes into account your proxy settings, so it may reduce your URL to http if your proxy link used http rather than https. You will need to change to your proxy settings for EZproxy or III WAM Proxy.
