Why are my ILL Borrower Filled Turnaround Time numbers so high?

Last updated: Thu, 29 Oct 2020 15:17:05 GMT

Applies to
- WorldShare Report Designer

Answer
In the Interlibrary Loan Universe of Report Designer, the ILL Borrower Filled Turnaround Time report object provides the number of days it took for a requested item to be received by the borrowing institution, i.e. produced to received. This number is a cumulative sum of the number of days from produced to received for all the relevant requests, not an average.
