WorldShare Reports allows you to monitor your institution's activity within the WorldShare application. Plus, with WorldShare Report Designer, you can build custom reports and visualizations that meet your specific library needs.

• Get started

Get started with WorldShare Reports.

◦ About Reports
◦ About WMS group reports
◦ Reports and Report Designer account roles
◦ Add a privacy notice
◦ Set or reset your password
◦ Sign in to Reports

• Available standard reports

Discover the reports available to monitor your institution's activity within WorldShare.

◦ Acquisitions reports
◦ Cataloging/Collection reports
◦ Circulation reports
◦ E-Resources reports
◦ Interlibrary Loan reports
◦ Metadata reports
◦ Select a report

• View reports

Standard and custom reports appear in a report viewer. The report viewer allows you to perform actions such as saving, exporting, and refreshing data in a report.

◦ View a custom report
◦ View a standard report
• **Work with reports**

  Discover procedures for tasks that you may perform (e.g., create, export, schedule, etc.) as you work with standard and custom reports.

  ◦ Run reports
  ◦ Prompt variants
  ◦ Relative dates
  ◦ Filter reports
  ◦ Modify reports
  ◦ Report variables
  ◦ Save reports
  ◦ Schedule reports
  ◦ Print reports
  ◦ Export reports

• **Report objects**

  Report objects are used to build custom report queries and to retrieve data for custom and standard reports.

  ◦ Available report objects
  ◦ Report objects A-Z
  ◦ Report objects by Universe

• **WorldShare Report Designer**

  WorldShare Report Designer allows you to build custom reports, charts, and data visualizations to satisfy library, academic, and agency reporting requirements.

  ◦ About Report Designer
  ◦ Call number normalization
  ◦ Create a custom report
  ◦ Create a multiple universe report
  ◦ Query operators
  ◦ Shared report templates
  ◦ Universes
  ◦ Refine report results with Report Designer
• Reference

Additional resources for WorldShare Reports

◦ Available reports for WMS users
◦ Disassociate patron data from circulation events
◦ Retrieve WMS data extract files with SFTP

• WorldShare Reports release notes and known issues

Find WorldShare Reports release notes and known issues. Release notes are documents that contain information about new product features and enhancements as installed in scheduled releases.

◦ 2022 WorldShare Reports release notes
◦ 2021 WorldShare Reports release notes
◦ 2020 WorldShare Reports release notes
◦ 2019 WorldShare Reports release notes
◦ Known issues

• WorldShare Reports training

Find training on WorldShare Reports and WorldShare Report Designer.

• Troubleshooting

Find frequently asked questions (FAQ) and troubleshooting steps (Troubleshooting).

◦ Can I run a report of Local Holdings Records and barcodes
◦ Can Report Designer be used to create a report showing the number of titles and their material types in each shelving location?
◦ Can you display weekly circulation statistic summaries, in a Monthly Circulation Statistics Report?
◦ Does the Circulation Events Detail Report include ILL lending activity?
◦ Do the My Collection Overlap Detail Report and My Collection Overlap Summary Report include grouped OCNs?
◦ How can I delete reports I saved into the Report Designer Favorites window?
◦ How can I get a list of items that have never been checked out?
◦ How can I get a list of records that shows both the item barcode and its current location on the shelf?
◦ How can I get the item costs in the Circulation Item Inventories report into a standard format so I can total them?
◦ How can I see when there is more than 1 hold on a title easily?
- How can I stop the leading zeros from item barcodes being stripped when I load a csv generated by WorldShare Reports into Excel?
- How can I tell if a report has reached a row limit?
- How can I use Last Seen Date for a Stocktake Report, when the Inventory option is not being used?
- How does the Item Holdings Quantity report object count multipart items?
- How do I add the role ANALYTICS_REPORT_AUTHOR_ADMIN to a user?
- How do I create a new report to see what new LHRs were added in a timeframe to a Shelving Location?
- How do I create a report that shows both circulation activity and item details such as Publication Date?
- How do I create a report to display LHR Public and Non Public notes?
- How do I create a report to show Duplicate titles in different Shelving location?
- How do I create a report to show which Bibliographic records only have 1 holding attached?
- How do I create a Transaction report on Circulation Events?
- How do I create a useful report to help with stocktaking or weeding, when the Inventory process is not being used?
- How do I find items with duplicate barcodes?
- How do I find records with inactive barcodes in the 876$r marc tag?
- How do I get group reporting roles?
- How do I only extract Patron data for those that have data in Custom Data Fields - Patron Custom Category 1 and Patron Custom Category 2?
- How do I run a report to determine which patrons expire in a specific date range?
- How do we calculate the average ILL turnaround time for lending?
- How can I create a report listing all multi-part items?
- How do I locate all print records that have a WorldCat holding (held by) on them, but have no LHR records?
- How do I locate items that have been moved to a LOST shelving location?
- Why is a report not loading when selected under the WorldShare Analytics tab?
- I'm a WMS library, why do I only get blank data returned when I try to create a report using the E-Resources universe?
- In Report Designer, after entering a start date, no report options become available.
- Items are displaying a long overdue date of 9999-01-01 on the "All Checked Out Items Report".
- Why can't I see the E-Resources reports in WorldShare Analytics?
- I am getting different counts each time I run the same report.
- I am not returning the funds I expect in my Payment Activity by Fund report.
- I am unable to run standard reports from the Analytics tab after logging off of Report Launch Pad.
- I cannot find the Items Inventory Report or the Circulation Add/Delete Report, where are they?
- I cannot see the LHR Item Detail Universe in WorldShare Report Designer, why?
- How do I set up email as a delivery option?
- I no longer see reports that used to display in the shared report templates.
- I see "Unknown" or "N/A" in the Item Branch Name column of the Open Holds report. Why isn't a branch
name always listed?
◦ Why do renewals appear in the Monthly Circulation Statistics report under the branch N/A?
◦ I would like a report of current titles in a particular shelving location
◦ My report designer is missing features that I see displayed in the training video. How do I get those features turned on?
◦ My report shows last circulation date as all zeros
◦ No one at my library is able to see the Analytics tab in WorldShare, why?
◦ Regarding the "Issue Count YTD" field: is this "year to date" for fiscal year, or for calendar year?
◦ The data in my report doesn't make sense.
◦ The left side menus never appear and a small orange triangle appears in the upper right side of the screen.
◦ We regularly run an overdue report but realise we are missing one or more patron custom categories within the filter
◦ What Assistance Can OCLC provide for IPEDS and ACRL reports?
◦ What data could cause changes in the Title by Material Formats report?
◦ What does ASSESS mean in our Fiscal Detail Report?
◦ What exactly does “Initial holdings set in WorldCat” mean? And how is it different from “Add WorldCat record”?
◦ What is source application "OCLC PROCESSING" on the New Titles List?
◦ What report can I run to find items with no LHRs or Item Barcodes?
