Can a library date be marked as open for pickup for closed for returns in MuseumKey or LendingKey?

Applies to

- MuseumKey
- LendingKey

Answer

Yes. Under Library >> Dates, you can mark library dates as Open, Closed, or Not Due. If a date is marked as Not Due, the due date of a reservation will automatically extend to the next open date.

Additional information

Note: Under Library >> Settings, you must first enable a feature called Extend Due Date if Closed.
