WorldCat Discovery is a cloud-based application that helps people easily find resources available at their library and in libraries worldwide through a single search. Library users and staff use their WorldCat Discovery instance to search the WorldCat database, to identify materials they need, and to see where they are available.

1. See Introduction to WorldCat Discovery to get started.
2. See how to Configure WorldCat Discovery features and Search in WorldCat Discovery.
3. Find live and recorded Training.

**Troubleshooting**

Find frequently asked questions (FAQ) and troubleshooting steps (Troubleshooting).

- Are we missing a setting to allow patrons to make ILL requests from the A-Z titles page?
- Articles from a journal in a database I subscribe to do not appear as results in Discovery when I search for them
- The issues are appearing out of order on a journal in WorldCat Discovery even though the order in WorldShare Circulation is correct.
- A database I see in the Complete list of databases does not appear in the Metasearch database list, where is it?
- A provider notified us that they will no longer be supporting the z39.50 protocol. What impact will this have on our WorldCat Discovery site?
- A title in a knowledge base collection with print periodicals is not showing availability in the A-Z list
- CAMIO support ended 31 December 2018
- How can I request a database be added to WorldCat Discovery?
- Can a new record be added to a previously saved list?
- Can a user email or print a list of all results?
- Can I get cover art images via the WorldCat Search API?
- Can I get my old personal lists onto WorldCat Discovery now that WorldCat Local is no longer accessible?
- Can I suppress Ahead of Print articles from displaying in WorldCat Discovery?
- Customer Support asked me to send the session ID of WorldCat Discovery, what is that?
- Discovery gives the error message “There was a problem receiving availability information for this item. Click to try again.”
- Do Discovery URLs use HTTP or HTTPS?
- Do we have access to WorldCat Discovery?
- When searching for a proceeding in Discovery, if a user clicks on “Check holdings in your Library Catalogue” then it will find the ebook in which the proceeding is contained, but the ebook link doesn’t display automatically.
- Under Editions and Formats, I found a record that shouldn’t be there
Has a new release updated the hold parameters we have set in Service Config for Worldcat Discovery?

◦ How can I avoid getting article citation records in my WorldCat search results?
◦ How can I change the language of interface text in WorldCat Discovery?
◦ How can I change the order of our items that display in the item's Holding Summary in Discovery?
◦ How can I correct the We are unable to get availability information for this item error?
◦ What determines the search indexes in my Advanced Search?
◦ How can I get my book images to appear in the catalog summary display?
◦ How can I request a quote for WorldCat Discovery?
◦ How can I resolve an IP Range Overlapped error, and find the institution who owns the IP address?
◦ How can I tell if I'm using WorldCat Discovery vs. WorldCat Local?
◦ How can I terminate my WorldCat account?
◦ How can I view other editions and formats of an item?
◦ How did our symbol get added to eBook titles in Discovery? We have that setting turned off inside WorldShare Collection Manager.
◦ How does Google Analytics track IP addresses?
◦ How do I add a library to relevancy in our group catalog?
◦ How do I change my default pickup location for holds in WorldCat Discovery?
◦ How do I change my logo on Discovery?
◦ How do I change the display name on our WorldCat Discovery site?
◦ How do I get back to the main search page after performing a search?
◦ How do I go about updating the branding in Discovery?
◦ How do I keep the place hold button from displaying for items in specific shelving locations?
◦ How do I remove a symbol from a relevancy group?
◦ How do I remove the Check Holdings button from my library's name in the Libraries Worldwide dropdown?
◦ How do I request a WSKey for the WorldCat Search API?
◦ How do I set my library's default search to Libraries Worldwide?
◦ How do I set up custom links in WorldCat Discovery?
◦ How do I set up Z39.50 ILL linking from Discovery to SHAREit?
◦ How do I subscribe or unsubscribe from an OCLC listserv?
◦ How do I update my library's link to our local catalog?
◦ How do we update our information for OCLC mailings such as post card advertisements or invoices?
◦ How long does it take for Service Configuration changes to appear in WorldCat Discovery?
◦ How to subscribe to WorldCat Discovery Listserv
◦ I'm an author, how do I get my book published in WorldCat.org?
◦ I'm receiving an error stating I'm not subscribed to this service when I go to WorldCat.
◦ In the holdings summary of a journal, why does one listing have the status as not available and the other as available?
Is it possible to change the default scoping in WorldCat to only our institution and not all of WorldCat?

- Is there a charge for course reserves migration from WorldCat Local to WorldCat Discovery?
- Is there a list of the different zs: values associated with our institutions Search Box?
- Is there a way in Service Config to have a Recall button placed without a Hold button?
- Is there a way to create a search box widget in Discovery that searches only print books in our collection?
- Is there a way to print a record from Discovery?
- Is there a way to pull the Open Access / Free database stats in Discovery statistics?
- Items in a location that are unavailable are showing a green check mark
- I added a new location to the grid for Any Status, why aren't my settings working?
- I am an author. Why does my work include other authors' names in the WorldCat record?
- I am getting an error when I try and save in the Service Configuration
- I am searching for a title in my main search page and it is not listing as the top result even though I am entering the whole title
- I executed a search and was told HTTP Status 403 - The number of requests exceeded the 24 hour quota
- I searched for a title and got a result that was completely unrelated to the item I searched, why?
- I see a holding in WorldCat for another library that I think is wrong, can I delete it
- I'm not able to retrieve a record in Discovery by any search except OCLC number.
- Links to open access content are still showing despite being de-selected in Service Configuration
- My holdings are not displaying in WorldCat Discovery
- My library is changing their ILS and we need to update our availability for WorldCat Discovery, how do we update this?
- My Links Plus links display in WorldCat Local but do not display in Discovery
- OOPS error when going into WorldCat Discovery
- Our holdings are attached to a record, but they do not display that way in Discovery search results.
- Our institution recently changed open URL link resolvers. How do we edit or delete our old open URL resolver and add our new one?
- Our libraries share an IP address. How do I add it to both sites?
- Patrons are getting a 404 error when they try to go to pages in Camio
- Report Designer is only able to calculate the Tax 1 amount per copy
- Request button isn't displaying for articles
- There is a primary link in the bib record, the .gov URL should be displaying. But, the URL in the 856 field is not displaying in Discovery.
- The database I want to set up for the search box feature does not appear in the drop-down list.
- The eBook format icon appears in the record, but this is clearly a print record according to description.
- The following databases are not available to this institution error
- The icon and the text in Discovery for availability do not match, how do I correct this?
- The links in Discovery for a title we own are leading to an error message at the supplier's site. However, when I click on the website links in Collection Manager I have no problem accessing the resource. Why is

https://help.oclc.org/Discovery_and_Reference/WorldCat_Discovery
Printed: Tue, 10 Dec 2019 18:39:53 GMT
this happening?

- The “Request through Interlibrary loan” button is not appearing on search results even though we do not have access to the articles
- The same record is displaying twice in Discovery
- This eBook record is electronic but the format icon says it is a print book.
- This search record cannot be retrieved at this time error when trying to place an ILL request
- Using the WorldCat Search API, documentation indicates a JSON response. But, even though I’m sending an Accept header with the value 'application/json', I keep getting the XML response.
- Weird title appearing in search results
- We are finding "Access online" linking buttons to titles that we do not own or subscribe to. We do not have holdings in records manager, nor are the titles selected in our instance of Collection Manager.
- We are getting the "Try again. Populating the search results took too long" error.
- We are transitioning from Local to Discovery, do we need to set up a new page for our patrons to login?
- We are unable to select "Links from Local OPAC" to be set for our WorldCat Discovery.
- What's the point of turning on an index-only or abstract database if they don't display full text links?
- What does a library do when they receive a broken link email from their patrons?
- What is a discrete database?
- What is my OCLC Link Resolver Base URL?
- What is the URL for my institution's WorldCat Discovery site?
- What is the URL we should use to take patrons directly from our library website to their My Account sign in page for Discovery?
- What link should we use for the public to do searches?
- What materials are included in the A-Z list?
- When are WorldCat Discovery statistics available each month?
- When a patron clicks a link to an article, they are prompted to login even on campus
- When I search for a title in Discovery with our library selected I get no results. But when I change to libraries worldwide, our library displays as a holding library.
- When using wildcards in a search, I get bad search results.
- Where can I create or update a shelving location?
- Where can I find a guide to setting up Z39.50 configuration?
- Where can I find my CAMIO statistics?
- Where does our A-Z list generate from in WorldCat Discovery?
- Where is that text above the Report a broken link coming from?
- Why am I getting an additional permissions required message when trying to print MARC records in WorldCat Discovery
- Why am I getting an error message instead of additional database recommendations when searching remote databases in WorldCat Discovery?
- Why am I getting a "Cannot publish to OCLC“ error when updating the OpenURL resolver?
- Why am I getting a "You are not connected" error message in WorldCat Discovery when I'm inside the
library?
- Why am I receiving a "This ILL request form requires IP authentication" error?
- Why am I seeing conflicting shelving information for an item in Discovery?
- Why am I seeing non-latin script in a title in WorldCat Discovery?
- Why am I seeing View eBook links on numerous records with the same title - even when we don’t hold them?
- Why am I unable to choose remote databases
- Why are items that are checked out or lost showing a green check mark as if they are available?
- Why are my OpenURL Resolver links returning a Bad Request - Invalid URL error?
- Why are some library names hyperlinked in the Libraries Worldwide section while others are not?
- Why are there different search results when searching First Search WorldCat vs. searching WorldCat in WorldCat Discovery?
- Why are there less results in WorldCat Discovery for a centrally indexed database?
- Why are the 856 URL links not displaying in Discovery?
- Why can't I see the Search box generator in Service Configuration
- Why can't I see the WMS Place Hold Form Display in my Service Configuration?
- Why can I no longer edit Course Reserves when my roles have not changed?
- Why can't I see the availability for a print book on an eBook record of the same title in Discovery?
- Why doesn't Discovery include the database name when creating a citation?
- Why does our OCLC Link Resolver resolve to a dissertation and not an article?
- Why does the Access Online button not display on titles I have selected in Collection Manager?
- Why does the AtoZ list not bring up all the links to a journal when we do a partial title search as opposed to a full title search?
- Why does the Searches Used -- Institution report show duplicate numbers for so many of the databases?
- Why does WorldCat Discovery show that we do not have v.1 and v.2, followed by an indication that we do have those items available?
- Why don't I see my call numbers in WorldCat Discovery?
- Why don't the results match between the A-Z Link Resolver and the WorldCat knowledge base when searching by journal title
- Why don't I see all of the volumes in a multi-volume set in WorldCat Discovery availability?
- Why do articles appear as Peer-Reviewed?
- Why do I keep getting a "Preview not available for this collection" error when I open a collection in the A-Z list?
- Why aren't the links to my library's catalog resolving correctly in the A-Z list?
- Why isn't the My Account link working?
- Why isn't WorldCat Discovery searching the databases set in the default database group?
- Why is an item that we do not hold shown as being held in Discovery?
- Why is Available listed twice for the status of an item?
Why is a link appearing in WorldCat Discovery that is not from a collection selected in Collection Manager?
Why is my item record showing a "Circulation information is unavailable" availability error?
Why is there no place hold button when an item is checked out?
Why is there no "View Full Text" button on an article in Discovery?
Why is the ILL Request button showing up in Discovery on one computer but not another?
Why is the Libraries Worldwide accordion in Discovery showing 0 holdings for all results?
Why is the message Please visit your library to get this item appearing above our library's availability?
Why is the Place Hold in Discovery button throwing an error?
Why is the WorldCat Search API not pulling back results for certain OCLC Symbols?
Why is this item showing as an ebook in WorldCat Discovery?
Why is WorldCat.org linking to an item which has the same title but a different format?
Why is WorldShare or Discovery taking so long to load?
Why was I able to find a record in WorldCat Discovery and not Record Manager?
Why won't my logo display properly on WorldCat Discovery?
Will lists that are not moved to WorldCat Discovery be deleted?
