What features are included in the staff view of WorldCat Discovery?

Last updated: Mon, 07 Aug 2017 18:20:29 GMT

When a staff member signs into WorldCat Discovery, they can:

- View OCLC numbers in the brief search results
- Search by and see holding libraries' OCLC symbols by using an "li:" search
- Access MARC data (if your library has a cataloging subscription or uses CatExpress)

To create a staff account, see the instructions on the Using the OCLC Services account page.
