Discover how to find Talis Aspire reading list information in WorldShare Record Manager. 
Note: Your library must have active subscriptions for WorldShare Management Services or WorldCat Discovery and Talis Aspire reading lists. To configure access, see Talis Aspire Reading Lists.

If your library has enabled the use of Talis Aspire reading lists, you can view if a record (or related editions of a record) is on one or more Talis Aspire reading list(s). Reading list information is displayed in multiple locations in WorldShare Record Manager.

<table>

| Enhanced Search Results 
Or Condensed Search Results | Hover over the information icon (i) to view reading list links. Click a reading list link to view the reading list(s) that include the item in a pop-up dialog. |
| LHR editor | Click a reading list link in the LHR editor header to view the reading list(s) that include the item in a pop-up dialog. |
| MARC 21 editor | Click a reading list link in the MARC 21 editor to view the reading list(s) that include the item in a pop-up dialog. |
| Text View editor | Click a reading list link in the Text View editor to view the reading list(s) that include the item in a pop-up dialog. |
| Reading Lists screen | From the Enhanced Search Results screen, click Open Details > Reading Lists to view the reading list(s) that include the item. 
Or From the Condensed Search Results screen, click the Show Actions button ( ) in the Action column and select Open Details from the pop-up menu to view the reading list(s) that include the item. |

From the search results screens or the editors, you may see either of the following reading list links:

- Reading lists (this item): xxx - This OCLC number or one of the ISBNs in this bibliographic record is on one or more reading list(s).
- Reading lists (related editions): xxx - Related editions and formats of this OCLC number are on one or more reading list(s).

From the pop-up dialog or the Reading Lists screen, you may see either of the following headings:
• This item is on the following reading list(s)
• Related editions of this item are on the following reading list(s)

You can click a reading list from the pop-up dialog or Reading Lists screen to open it in Talis Aspire in a new browser tab.

Note: When you delete an LHR from a bibliographic record that is on a reading list, you'll see a warning message to prevent you from unintentionally deleting it.
