How do I fix it so my OCLC tab is showing again in ILLiad?

Last updated: Mon, 24 Jan 2022 21:14:26 GMT

Applies to

- ILLiad

Answer

Click on the ILLiad Icon on the Menu Bar and you will see the OCLC tab that was separated from the rest of the client and click on the window. Drag it into the rest of the client and the OCLC Tab will show up again.
