How long are records kept in WorldCat Staging?

Last updated: Tue, 15 Feb 2022 21:33:56 GMT

Applies to

- WorldCat Data Sync

Answer

It was planned when we started Data Sync to remove the staged records after a set time period, but we haven’t initiated the removal.

We reserve the right to add this in the future, but we will start with a fairly wide time frame.

Additional information

If a library wants records removed from the WorldCat Staging area, they can send their Database Specialist a request to have them removed.
