When you click Discover Items on the left navigation, an Advanced Search form will open on the screen. Completing a basic search will pre-populate the Advanced Search form with the terms from the original search. You can also conduct a search using only the Advanced Search form.

- **Search**

- **Document suppliers**
  
  - No image available

  The documentation in this section explains how to receive articles from document suppliers such as the British Library, Get It Now, and MyBib.

  - Get It Now (mediated service)
  - Use MyBib eL for delivering documents

- **Purchasing Requests**
  
  - No image available

  The Purchase option allows you to track items you may wish to purchase, instead of borrowing via interlibrary loan.

  - Purchasing Requests

- **Interlibrary Loan Fee Management**
  
  - No image available

  The Interlibrary Loan Fee Management (IFM) feature lets libraries reconcile resource-sharing charges and payments through their monthly OCLC invoice. IFM helps libraries save money on fee-based transactions and simplify the transaction process.

  - Configure IFM
  - Manage IFM

- **Lending Requests**
  
  - No image available

  Create, manage and respond to lending requests.

  - Complete requests
  - Deflections
